Good Morning! Welcome to the Baker County Community Advisory Council meeting. Please remember to keep yourself on mute when not talking. If you are having trouble with your sound, try signing off and back in, sometimes that fixes the issue. Also, if you are having trouble with band-width, try "muting" your video... that may help. If you would like, you are welcome to write your question or comment here in the chat and it will be read as soon as possible.
